Mr. Clarence N. Crapo,
601 Enterprise Bldg.,
Milwaukee, Wis.

As per our telephone call, it will be impossible to permit the Radio Club to continue its meetings beyond 9:00 o'clock on your regular dates of September 7th, 14th, 21st and 28th. This is due to the coal shortage, which makes it necessary for us to close down our Power Plant promptly at 9:00 o'clock when the library closes.

Trusting you will govern yourself accordingly and hoping that the rule may be relaxed later in the season,

THE PUBLIC MUSEUM,

Harry F. Binger
Harry F. Binger, Recorder.
